60ml Atomiser Hand Sanitiser - Branded Stock

60ml Beara Distillery Liquid Hand Sanitiser (80% Alcohol)

- Made in Ireland
- Labelled in accordance with Dept of Agriculture regulations, including the designated PCS number which allows consumers to verify that the product has been properly registered.

Our Sanitiser Product carries a designated PCS number which allows your customers to verify that the product has been registered with the Irish Department of Agriculture, who have advised that Hand Sanitisers are classed as pesticides and must be registered with their Pesticide Registration & Control Division. Our Sanitiser Product also carries all the necessary warnings and complies with the legal label requirements. If you cannot see a PCS/IE PBA or EU number on any sanitiser product you are purchasing then you should consider contacting Biocides@agriculture.gov.ie to verify that the product is registered.

Prices include a full colour label with LOGO on side of bottle.
